

Rigtec Racking Storage System (Pillar Mounted)

Note; Channels can also be Wall Mounted and acheive the same adjustments as shown in the above diagram.

Boat Rack in it's retracted position:
This is for safe storage of boats.

Boat Rack in it's extended position:
This is for safe uplifting and returning boats on and off the storage racks.

Rigtec Telescopic Boat Rack

These can be supplied as a unit and attached directly onto a wall or post.
